END-OF-COURSE STATE TESTING: APRIL 2019

Please be aware that the upcoming months of April and May will include five (5) days of mandated Ohio Department of Education End-of-Course Testing. On each day, only the students testing in their graduation mandatory courses (English Language Arts 1, English Language Arts 2, US History, US Government, Algebra 1, Geometry & Biology) will attend school at the designated testing times. See the linked document below for each day of testing, the tests being administered and the time schedules for each. Regular daily bus transportation times will be maintained in the mornings and afternoons like any other school day.

BMHS STATE END-OF-COURSE TESTS 2019 CALENDAR: [Testing Calendar](#)

All students enrolled in any of our English Language Arts 1 and 2, Geometry, Algebra 1, Biology, US Government, and US History courses (regular, honors, CCP, AP, Ombudsman, online, etc...) are expected to arrive promptly for the graduation qualifying mandatory testing. Please note that on each of the indicated testing days, there are designated starting times for each of the separate tests. On each of the days of testing, students are expected to arrive in time for each of their scheduled test starting times.

Students and Parents please note:

- The format of testing will be online (not paper/pencil).
- Bring your own ear buds to listen to the test audio.
- Cell phones must be collected and turned-off. (maintenance of test security and preservation of WiFi bandwidth capacity)
- Ohio Department of Education testing resources: <http://oh.portal.airast.org/users/students-and-families.stml>

As a state of Ohio graduation mandate, in addition to the required academic course work and necessary accumulation of credits, students must earn a total of 18 points attained through seven State **mandatory** End of Course Tests: Algebra 1, Geometry, English Language Arts 1, English Language Arts 2, Biology, American History and American Government. Students can earn from 1-5 points on each of these Tests. To ensure students are well rounded, they must earn a minimum of 4 points in Math, 4 points in English/Language Arts, and 6 points across Science and Social Studies.

•Advanced	5 points
•Accelerated	4 points
•Proficient	3 points
•Basic	2 points
•Limited	1 point
•No Score Available	0 point

Not meeting the above criteria would result in a student not earning a graduation diploma. Refusing to participate in this Testing will only result in a score of zero (0) and no accumulation of points towards the minimum 18 needed for graduation. This will not be permitted without signed consent of the Parent/Guardian and Principal. Please see the Ohio Department of Education website <http://education.ohio.gov/Topics/Ohio-Graduation-Requirements/Graduation-Requirements-2018-and-Beyond> for further details regarding these newly mandated State of Ohio Graduation Requirements, practice Tests, and other pertinent resources.

Student and Staff PBIS Recognitions:

- **From a complimentary BMHS Colleague:** "Transition Coordinator, Melissa Haskins-Berger's proposal, *Transition Planning- Not Just for High School!* Strategies for ALL Grade Levels was selected for the 2019 Milestones National Autism Conference. She is scheduled to be a speaker at this conference on June 11, 2019 and will be presenting with Tabatha Devine, who is the Transition Coordinator from Westlake City Schools. It is a distinguished honor to be selected as a presenter at this conference for the second year in a row. We are proud of Mrs. Haskins-Berger's expertise and her generous willingness to share of it not only with our BMHS students, families, and staff, but also with those of other school districts. Thank you and congratulations!"
- **From another complimentary BMHS Colleague:** "Kudos and gratitude is expressed for English Language Arts Teacher and Forensics (Speech and Debate) Team Head Coach, Ryan Peoples. Continuing again this school year to make Berea-Midpark High School the center of the high school Speech & Debate world in Northeast Ohio, Mr. Peoples displayed his Forensics leadership by hosting both the 15th Annual Grindstone Invitational in January and then, in February, the OSDA Cleveland District Tournament (which qualifies students to States). Bravo!"
- **From a gracious Community Partner:** "Thank you SO much for your submission for the Tri-C High School Rock Off artwork contest. We had an overwhelming number of fantastic entries to go through and select down to one post, t-shirt and CD cover design. One of the three winners is a student from your school. Again, thank you for all the wonderful work, and we look forward to your submissions next year! Tri-C High School Rock Off artwork winner: Poster – Molly Stackhouse from Berea-Midpark HS (Art teacher: Mr. Tom Conti). (Morgan Wright, Digital Marketing Coordinator, Live Nation-Cleveland)

ATTENTION ALL PARENTS/GUARDIANS OF CURRENT 11TH GRADE STUDENTS:

Please read the letter below from Rebecca Elder, the BCSD School Health Manager, with regard to the **REQUIRED** immunizations for all current 11th grade students which must be received by the students before the beginning of the 2019-2020 school year. Any student not current on these immunizations by September 12, 2019, will be excluded from attending school until the immunizations are up to date. If you have any questions, please call the BMHS School Health Specialists in the Clinic at 216-898-8900.

March 21, 2019

To Parents/Guardians of current 11th grade students:

In preparation for the 2019-2020 school year, this letter is to remind you that for the 2019-2020 school year, all students entering 12th grade are required to have two doses of Meningococcal vaccine prior to the start of school. However, if the student received their first dose on or after their 16th birthday, then just one dose of Meningococcal is required. Also, if the student is in 12th grade and is 15 years of age or younger, only one dose is required. Documentation of these immunizations are required to be sent to your child's school. If the child does not receive the immunization due to medical, religious or other reasons, an exemption form will need to be filled out and signed by the parent/guardian. This form will need to be filled out and signed each subsequent year.

If either immunization record or an exemption form are not received within 14 days, (beginning with the first day of attendance), Ohio Revised Code 3313.671 mandates that the student will be excluded until such time that the school receives proof of immunization or exemption letter. For the 2019-2020 school year, this date is **September 12, 2019**.

Please be mindful of this requirement throughout the remainder of the school year, including spring break, and into the summer. Please save yourself a trip to the doctor's office at the beginning of the school year by obtaining proof of the immunization and sending it to the clinic at Berea Midpark High School at the time of your child's vaccination.

For your convenience, you or your child's physician may fax proof of immunization to Berea Midpark Clinic at 216-898-8558. Should you have any questions, please do not hesitate to contact your School Health Specialist at 216-267-2079, or myself at 216-267-2120, ext. 8720. Also, you may visit the Berea City Schools website for complete information regarding all immunizations.

Thank you for your prompt assistance in this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rebecca A. Elder".

School Health Manager, Berea City Schools

FROM THE CLINIC: MENTAL HEALTH AWARENESS

Twenty-two point two per cent (22.2 %) of American youth will have a diagnosable mental illness with “serious impairment” at some point before they are eighteen years old. What are childhood mental health disorders? Serious changes in the way children typically learn, behave, or handle their emotions, which cause distress and problems getting through the day are some symptoms.

Monitor for the following changes in your child that may indicate a mental illness:

- Sadness or withdrawal that lasts at least two weeks or severe mood swings that cause problems in relationships at home or school.
- Sudden loss of appetite, frequent vomiting or use of laxatives might indicate an eating disorder.
- Physical symptoms such as headaches and stomachaches rather than sadness or anxiety.
- Difficulty concentrating and intense feelings such as overwhelming fear for no reason, sometimes with a racing heart or fast breathing.
- Self-harm/cutting or burning oneself. Children also may develop suicidal thoughts or attempt suicide.
- Use of drugs or alcohol to try to cope with their feelings.
- Has trouble sleeping, including frequent nightmares.

Parents know their child the best. If you have concerns about the way your child behaves at home, in school, or with friends, seek medical advice immediately. Talk to your child’s healthcare professional, school counselor or visit National Institute of Mental Health’s Help for Mental Illnesses webpage

The following hotlines are available for immediate help:
